### Experience

#### Business Analyst

March 2023 - Present

##### MEMBER.ID

- Act as the main point of contact for loyalty projects, managing communication, coordination, and client expectations.
- Lead loyalty program concept design through competitive benchmarking, market research, and data insight analysis to identify strategic opportunities.
- Conduct data segmentation, transactional trend analysis, and loyalty program health checks to provide actionable recommendations.
- Design and evaluate reward catalogs, tier benefits, and campaign mechanisms to improve engagement and redemption rates.
- Support Braze campaign execution by extracting and preparing target audience data, collaborating with partner teams for campaign setup in Canvas, and analyzing campaign results to enhance future targeting.
- Partner with client operations teams to train and guide them on CRM utilization, member journey optimization, and campaign management best practices.

#### 🚀 Key Project Highlights

- Designed and implemented a multi-phase loyalty program for XYZ Company, covering tier structure, benefits, and rewards for **5 business units** and around 5,000 members.
- Increased customer spending from **19%** at program launch to **~25-30%** currently, demonstrating the loyalty program's effectiveness in driving repeat purchases and member engagement.
- Raised campaign average spending by **30%** compared to control groups through targeted offers and segmentation.
- Executed personalized campaigns via Braze CRM, achieving **3x** higher engagement rates than previous campaigns.
- Presented program performance and insights to executives, providing data-driven recommendations for improving engagement and rewards.

#### Key Account Manager

January 2022 – February 2023

##### MEMBER.ID

- Built and maintained long-term relationships with enterprise clients across loyalty and CRM projects.
- Supported campaign ideation, execution, and performance reporting in collaboration with internal CRM and data teams.
- Developed monthly campaign reports, identifying key insights and recommendations for improving engagement and retention.
- Contributed to loyalty growth strategies across F&B, retail, and automotive sectors.

#### Business Administration Intern

2019 – 2020

##### Robert Bosch Indonesia

- Supported administrative operations under the Original Equipment Division.
- Assisted in delivery management, supplier coordination, and invoice control.
- Managed documentation and reporting as assistant to the Head of Department.
